

<b>Compatibilitate soluții Kwazar WTV.1195</b>
10% ammonia
10% ammonium chloride
10% hydrogen peroxide
20% citric acid
20% potassium hydroxide
20% sodium hydroxide
2-propanol
96% ethanol
Acetone
Ammonium fluoride
Ammonium nitrate solution
Borax solution
Butylene glycol
Calcium chloride solution
Calcium nitrate solution
Copper chloride solution
Copper fluoride
Copper nitrate solution
Dextrin solution
Ethylene glycol
Glycerol solution
Lead nitrate solution
Lithium bromide solution
Lithium chloride solution
Magnesium chloride solution
methanol
methyl ethyl ketone
Nickel chloride solution
Potassium borate solution
Potassium bromide solution
Potassium chlorate solution
Potassium chloride solution
Potassium nitrate solution
Propylene glycol
Silver nitrate solution
Sodium benzoate
Sodium chlorate solution
